

TCELL™ 2.0

Battery-Free Passive Odor Control System

Rubbermaid's new TCell 2.0 passive odor control system is sleek, modern and compact. It's also orientation independent and spill resistant, with the ability to mount to an array of vertical or horizontal surface—walls, ceilings, and even furniture.

TCell 2.0 utilizes advanced Fuel Cell Technology, delivering a precise, timed dose of high-quality fragrance to enhance a variety of spaces.

Features and Benefits

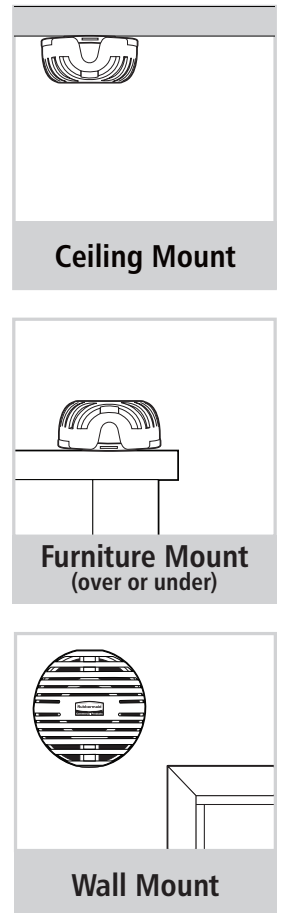

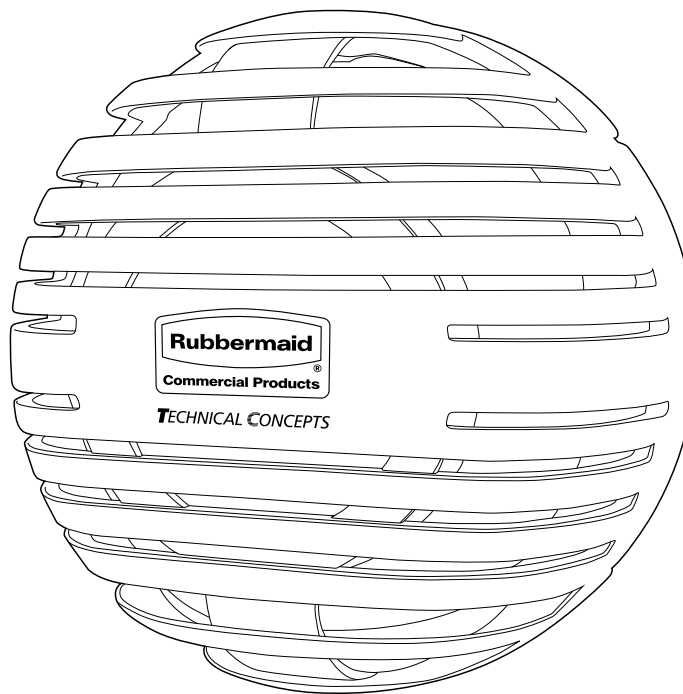

- Orientation independent with the ability to be mounted to a variety of locations
- Battery-free, passive system
- Silent, discreet operation
- VOC exempt
- 30 or 45 day fragrance dispensing options
- Spill-Resistant
- Sleek, modern, compact and available in 4 color options

Select Fragrances

- A variety of clean, fresh fragrances, including the new Elegance, Opulence and Decadence fragrances
- Includes Microtrans™ Technology, an odor neutralizer
- Fragrances last 30 or 45 days, depending upon the selected dispenser setting

Fuel Cell Technology

- Natural airflow distributes the fragrance and odor neutralizer throughout the space, covering up to 6,000 cubic feet
- Silent operation
- Battery-free, passive system
- No propellants
- A cost-effective air care solution

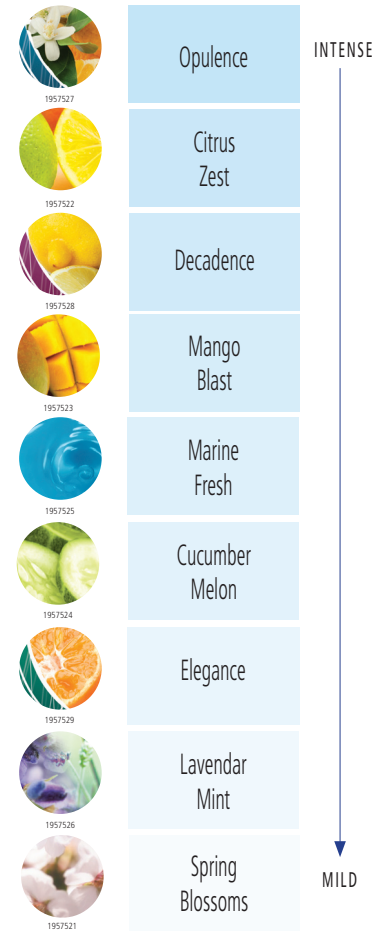

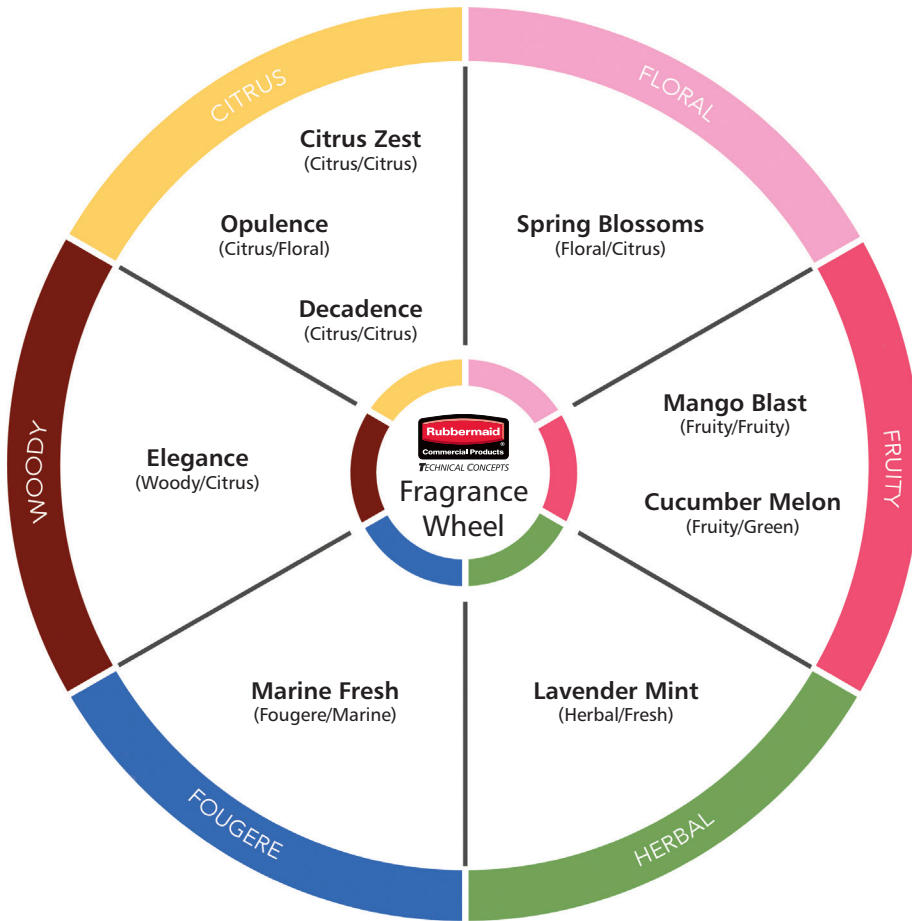

TCell™ 2.0 Dispensers

Color	Black, White, Chrome, Brushed Chrome
Product Weight (lbs)	.16lb
Product Weight w/ Packaging (lbs)	.53 lb
Ship Wt/ Ctn (lb)	3.2lb
Product Dimesions (in)	4.09" L x 2.36" W x 4.09" H
Carton Dimesions (in)	4.09" L x 2.36" W x 4.69" H
Pack Size	6

TCell™ 2.0 Refills

Fragrances	Citrus Zest, Spring Blossoms, Mango Blast, Cucmber Melon, Marine Fresh, Lavender Mint, Opulence, Decadence, Elegance, Pure
Product Weight (lbs)	.11 lb

Carton Dimesions (in)	7.76" L x 3.70" W x 5.91" H
Pack Size	6

TCell™ 2.0 Refills-Fragrance Intensity

REASONS TO BUY

1. Consistent level of fragrance throughout 30-45 day refill life
2. Decorative, discreet dispensers available in several different colors to compliment an array of décor
3. Silent operation with no moving parts
4. Effective in areas up to 6,000 cubic feet (2-3 stall restrooms)
5. Low cost dispenser acquisition
6. Contains Microtrans® Technology, an odor neutralizer
7. Lifetime Warranty – fully guaranteed against defects in parts and workmanship

FUEL CELL TECHNOLOGY

Without the need for a battery or any propellants, TCell™ 2.0 electrochemically creates an internal power source. TCell 2.0's operation is relatively simple. The refill houses the fragrance, fuel cell and emanator pad. When the refill is activated and installed inside the dispenser, the fuel cell comes in contact with the spring resistor, located on TCell 2.0's backplate. Hydrogen molecules begin to form and fill the headspace inside the refill displacing the fragrance, forcing the fragrance out of the cartridge, at a rate of one molecule of fragrance per molecule of hydrogen. The emanator pad absorbs the fragrance oil and distributes fragrance and odor neutralizer, continuously throughout the room with the assistance of natural airflow.

IDEAL ENVIRONMENTS

Works well in a variety of washrooms, but especially recommended for use in:

- Property Management
- Foodservice
- Healthcare
- Retail
- Education

Other suggested environments:

- K-12 & Higher Education
- Hospitality
- Entertainment
- Transportation
- Manufacturing

against defects in parts and workmanship
